Now the reason the enlightened prince and the wise general conquer the enemy whenever they move and their achievements surpass those of ordinary men is foreknowledge.

— Sun Tzu, *The Art of War*

"Even a band of gangsters, lacking any political ideology at all, but without scruples and determined to employ the same methods, could constitute a grave danger. "

— Colonel Roger Trinquier

'Helplessness induces hopelessness, and history attests that loss of hope and not loss of lives is what decides the issue of war.

— Captain Sir Basil Liddell Hart

"One of the most certain ways to convert 'dove-traitors' to 'hawks' is for them to be personally targeted by terrorist attacks. If such an attack is successful, the 'dove-traitor' is dead and out of the political picture; if such an attack fails, the target's viewpoint has shifted dramatically. Recent muslim terrorist attacks directly against leftists, such as the one directed at U.S. Senator Daschle, temporarily galvanized the political left in favor of the war against terror."
